SUMMARY

I am a dedicated 23-year-old undergraduate student with a strong foundation in Information and Communication Technology and Computer Science. Passionate about problem-solving and software development, I am eager to apply my technical skills in a hands-on environment. My goal is to gain real-world experience as a software engineering intern, where I can contribute to innovative projects, enhance my coding expertise, and grow as a future software engineer.

EDUCATION

Informatics Institute of Technology (IIT Campus)

2024 - 2028
Colombo, Sri Lanka

- Data Structures and Algorithms
- Server-Side Web Development
- Client-Server Architectures
- Database Management Systems
- Object Oriented Programming
- Software Development Group Project

Bandaranayake College - Gampaha

2019 - 2021
Gampaha, Sri Lanka

- Physics
- Combined Mathematics
- Chemistry
- With 3 S Passes

Galahitiyawa Central College

2013 - 2018
Ganemulla, Sri Lanka

- GCE Ordinary Level with 9 A Passes.

PROJECTS

WildX Safari Assistance App

View National Parks and View Live Sightings on Map Features
(Organisation Page)

- Mobile wildlife discovery feature for WildX Safari Assistant app built with Flutter and Spring Boot.
- Integrated with Neon PostgreSQL cloud database for scalable data management.
- Clean architecture: Models, Services, Screens, Widgets, Data layers.
- Using OOP concepts properly.

Personal Portfolio Project

PORTFOLIO

- Full-stack personal portfolio built with Angular and Spring Boot.
- Real-time thought wall without page refresh.
- Firebase authentication to download CV securely.
- Cloud-hosted PostgreSQL database.
- Responsive modern UI with PrimeNG.
- Integrated PostgreSQL (Neon cloud database).
- Implemented real-time updates using WebSocket with STOMP.
- Designed REST + WebSocket hybrid architecture for performance.
